

Future activities

The fall in 2018 has been a turbulent period for ESCIF. Indeed, the vice-president Janez Trdina passed away and left a gap within the ESCIF Executive Board. Luckily, he has been quickly replaced by Stefan Jorlev.

The future of ESCIF seems to be more promising since the board will welcome the nomination of four prestigious candidates during the year of 2019. The Executive Board deeply hopes that ESCIF will be able in the future to fight more successfully the cause of the disabled at the European level.
